

OASIS Box: Assembly Instructions

Box

Step 1: Lay the box flat and separate flaps C and D by pulling gently.

Step 2: Open the box in an upright position and fold flap A down (Figure 1).

Step 3: Fold flaps C and D onto flap B. Close and bring up to flap A.

Step 4: Turn the box into an upright position.

Step 5: Lift flap A to vertical position, then lift & fold flaps C and D up against walls of box (Figure 2).

Step 6: Lower flap A to bottom of box (Figure 3).

Step 7: Fold the remaining flaps into the box starting with the small flaps first. (Figure 4).
